Premium Heat Rejecting Window Film

WINCOS®
BY MADICO

Wincos high-performance automotive film reduces heat, glare and keeps you more comfortable with nano-ceramic technology.

- Blocks more than 99% of harmful UV rays
- Metal-free construction won't interfere with wireless or satellite connections
- Superior heat and IR rejection even with lighter shades
- Helps keep shattered glass together in the event of an accident
- Available in a wide range of shades to accommodate any driver's preference
